		ad and motion was obtained and sec ndant writing their names and addres		ecord.	
the tour of the campu on both the House of Boys Dom and Brund Timothy Hospital, Th	us, the Presiden Bethany and So It Hall and Hous E Episcopal Ele Everyone to hold	randum (MOU). The school now has a t observed some challenges that lies t John's campuses. St. John's Irvin N e of Bethany need major rebuild/Ren mentary School Building and Boss W I high their various responsibilities ar	ahead in the renovation lemorial building is in covation. Other places ilson's former house.	on of structures good shape, where the St. The President	
Contributors and Cor	nments				
Summary: Everyone spoke of first love for the school and being committed to a great cause; dedication, friendship and continual sacrifices to the building of the institute.					
2. Financial Rep	ort				
Ву	Bill Paasewe				
Discussion/1 <sup>st</sup> Quarter	He encouraged everyone to make the best use of the website. Breakdown of financial report on website. He further stated that the financial support towards teachers' salary will be disbursed quarterly to Liberia and there will be no retroactive of back payment. We will continue to honor the 60/40 arrangement. He also stated that if funding is available as projected (at least \$15,800.00 for the current period), we will be able to purchase the needed truck for the use of the school in Robertsport and the teachers payroll. Paying the teachers is our no. 1 priority. Everyone is encouraged to continue meeting their financial commitment and the Financial report will be posted on the website				
3. Membership a	and Outreacl	n (Including Youth)			
Ву	Dr. Robert G.	Sherman			

## EHSEES 19th Annual Convention Meeting Sept. 2, 2017 Held in St. Paul Minnesota

Dr. Sherman reported on the work of the Regions and regional VP's relative to Fund raiser in the various Regions and the collaboration of the Regions and their leadership with the National Convention Committee. The newly established monthly joint Tele—conference call s were making meaningful contributions to participation of Regions and creating awareness on the status of these working group and their successes or failures. The Outreach continues to reach out to members during periods of bereavement, Birthday and sickness that are made visible on the website. Ms.  Ms. Harriet King-Davis presented that youth involvement was not satisfactory and forthcoming but efforts are on the way for better result to engage the youth more meaningfully.  Mr. Feweh Sherman  Mr. Sherman read a letter from the Scholl Principal expressing gratitude for EHSEES USA continued support towards renovation of structures that keep the institutions functioning and used by students. He elaborated on the Kobolia parcel of land that could be developed in agricultural projects and lead to the institutions being self-sufficient in food supply to student and faculty. He furthered that the total project plan is visible on the website: esseths.org.  He lamented that the class of 79' was still delinquent in meeting their obligation of \$4,000.00 pledged towards the roof repair of the Elementary school two conventions ago and urged them to fulfill this obligation.   5. Lunch Break 12:00PM -13:00 PM  By The National president ask for adjournment for lunch  Discussion Meeting adjourned for Lunch  6. Presentation(West African Primary School Math Project  Wr. James King  Fund raising mechanism, the need for instructional materials, slide show on rod production made from forest wood in Liberia.  Encouraged the Association to look into acquiring land in order for this long term goal to be achieve Members promised to set up a committee to study the idea and the chairman appointed was Dr. Robert Sherman, who was at liberty to choose his members as authorized
